BACKGROUND

VSCO Compliance Services is an EPA/DEP required process that all utility services must comply with. The project is an ongoing process that takes about ten years to complete. The first cycle was completed in 2010 which included underground televising of the underground sewer pipes. This cycle of the project entails completing an engineering analysis of the pump station and sanitary sewer basin and preparing an evaluation report of where leaks are within the utility system. It is estimated to be completed within one year.

Funding is provided through the Water and Sewer Utility fund.

The selected vendor was selected from the rotation list for RFQ 38-09-10 for Architectural and Engineering Services (Civil Engineering).

In the event partial payment has been made for such Services not completed, the Contractor shall return such sums due to the City within ten (10) days after notice that such sums are due. 10.2 Nothing contained in this Agreement is any way intended to be a waiver of the limitation placed upon the City's liability as set forth in Chapter 768, Florida Statutes. Additionally, the City does not waive sovereign immunity, and no claim or award against the City shall include attorney's fees, investigative costs or pre-judgment interest.

ARTICLE 11 - INSURANCE

Contractor shall not commence work under this Agreement until after Contractor has obtained all of the minimum insurance described in the RFQ and the policies of such insurance detailing the provisions of coverage have been received and approved by the City. Contractor shall not permit any subcontractor to begin work until after similar minimum insurance to cover subcontractor has been obtained and approved. In the event the insurance certificate provided indicates that the insurance shall terminate and lapse during the term of this Agreement, Contractor shall furnish, at least thirty (30) calendar days prior to expiration of the date of the insurance, a renewed certificate of insurance as proof that equal and like coverage and extension is in effect. Contractor shall not continue to perform the Services required by this Agreement unless all required insurance remains in full force and effect.
